ABOUT ME

Isaac Kataryeba is a visionary leader and accomplished creative with over a decade of experience in graphic design, branding and visual communication. He leads **Astrid Technology Limited**, a creative mobile app and AI agency that also offers web development, creative design and desktop software, and serves as Minister of Media and Development at Namugongo Pentecostal Church. He brings a wealth of creativity, expertise and passion to every role, driving the teams he works with towards excellence and innovation. His work has appeared in the Daily Monitor.

PROFESSIONAL BACKGROUND

Isaac's journey in graphic design and branding began over 10 years ago, working closely with reputable companies and individuals to create impactful visual identities and brand experiences. His innovative approach and attention to detail have earned him recognition and respect in the industry. Today that same eye shapes the apps, websites and software he designs and builds.

Graphic Design & Branding Expertise

With extensive experience in graphic design and branding, Isaac has collaborated with a diverse range of clients, including corporate companies like Hill Water, 98.7 KFM Kigali, Capital FM Uganda and House of DJs. His ability to translate clients' visions into compelling visual narratives has made him a sought-after expert in the field.

Media, Live Broadcast & Film Production

In addition to his work in graphic design and branding, Isaac is engaged in media as an expert in live broadcasting, specialising in programs like OBS, Wirecast and vMix among others, and in film production at **NPC Studios**. He has worked closely with prominent film directors like Samuel Saviour Kizito of Kyoto Productions and Tushabe Faith of Fey Films, and is associated with Pearl Magic on film projects.

SHORT FILM · 2025

Whispers

Isaac's debut short film, produced at NPC Studios. *Whispers* screened at the Film Aid Film Festival in Nairobi and at Lift-Off London.

EDUCATION

Isaac enrolled at Kampala International School to pursue a Diploma in Computer Science in 2014. Financial constraints prevented him from completing the programme, but within a year he returned to the institution, this time as a graphic design speaker and facilitator at the University Tech conference. He is currently pursuing a psychology course and an anime course to further advance his film career and explore new creative horizons.

02 / 04

Astrid Church App Generator LIVE

ASTRID TECHNOLOGY

A platform that gives any church its own branded app: live services, sermons, events, announcements and giving, plus an optional Android app. Churches in Uganda already run their apps on it.

app.astridtechnology.site

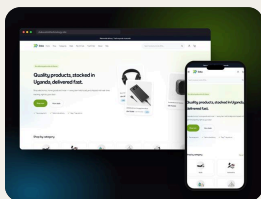

NPC Media LIVE

NPC PRODUCTIONS · NAMUGONGO PENTECOSTAL CHURCH

The church's media platform: a native Android app with live radio, audio and video sermons, podcasts, Stories and a daily devotional, plus the website, admin dashboard and API behind it.

npcproductions.com

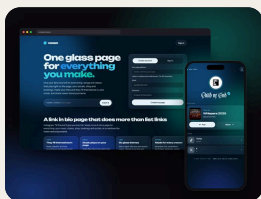

Duka LIVE

E-COMMERCE PLATFORM

An online store for quality products stocked in Uganda: customer storefront, staff dashboard for orders, stock and sourcing, and Android shopper and staff apps on one backend.

duka.astridtechnology.site

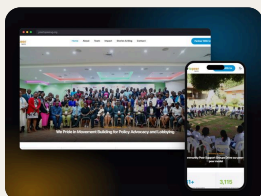

Voxen LIVE

ASTRID TECHNOLOGY

A link-in-bio platform: creators claim voxen.store/their-name and design a glass-style page with their music, videos and links, renewed yearly by Mobile Money.

voxen.store

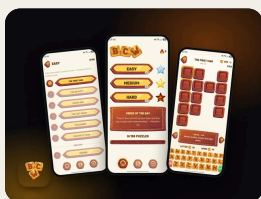

Peer To Peer Uganda LIVE

PEERU

Design, development, deployment and hosting of the website for PEERU, a youth-led organisation working in more than 31 districts: programmes, impact, team and stories from the field.

peertopeerug.org

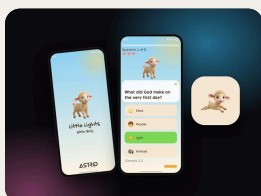

Bible Crossword GOOGLE PLAY

ASTRID TECHNOLOGY

A crossword game where every clue comes from scripture: nearly 200 puzzles across three levels, a verse of the day, daily streaks, hints and dark mode. Plays fully offline.

[Get it on Google Play](#)

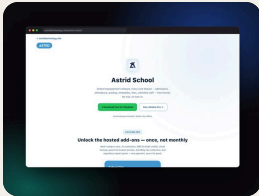

Little Lights Bible Quiz GOOGLE PLAY

ASTRID TECHNOLOGY

A gentle, read-aloud Bible quiz for young children, guided by an animated lamb: 24 levels from Creation to the early Church, with every question read aloud.

[Get it on Google Play](#)

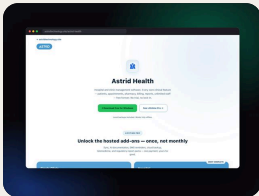

Astrid School LIVE

ASTRID TECHNOLOGY

School management software for Windows: admissions, attendance, grading, timetables and fees, free for unlimited staff and usable offline, with multi-campus sync and parent portals in Pro.

astridtechnology.site/astrid-school

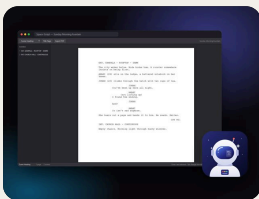

Astrid Health LIVE

ASTRID TECHNOLOGY

Hospital and clinic management software for Windows: patients, appointments, pharmacy, billing and reports, with multi-branch sync, AI-assisted notes and telemedicine in Pro.

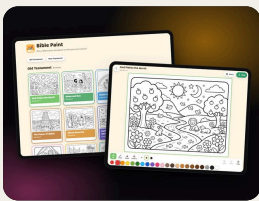

astridtechnology.site/astrid-health

Space-Script

ASTRID TECHNOLOGY

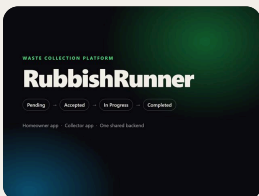

Screenwriting software for Windows and Android that formats to the US screenplay standard as you type and exports print-ready PDFs. Scripts save as Fountain files.

Bible Paint IN PROGRESS

ASTRID TECHNOLOGY

A colouring app for children: 159 Bible stories from Creation to Revelation, each with a short retelling, plus a fill bucket, brushes, stickers and autosave.

RubbishRunner IN PROGRESS

WASTE COLLECTION PLATFORM

Two mobile apps on one backend: homes, businesses and community groups request a pickup, and collection companies claim it and track it to completion.

Liora Organics

PHOTOGRAPHY & ART DIRECTION

Product photography and packaging art direction for an organic leave-in conditioner line.

Let's build something **that moves people.**

With his innovative spirit, creative vision and commitment to excellence, Isaac is a dynamic leader in graphic design, branding, software and media production. His passion for creativity, coupled with his dedication to continuous learning and growth, drives every project he takes on.
